**AIMS AND SCOPE**

Each issue of *Phil. Trans. R. Soc. A* is devoted to a specific area of the mathematical, physical and engineering sciences. This area will define a research frontier that is advancing rapidly, often bridging traditional disciplines. *Phil. Trans. R. Soc. A* is essential reading for mathematicians, physicists, engineers and other physical scientists. As well as theme issues, the journal publishes papers from the Royal Society's mathematical, physical and engineering discussion meetings. For information on submitting a proposal for a theme issue, please consult the journal's website at [rsta.royalsocietypublishing.org](http://rsta.royalsocietypublishing.org)

ISBN: 978-1-78252-110-5

**COPYRIGHT** © 2014 The Royal Society

Except as otherwise permitted under the Copyright, Designs and Patents Act, 1988, this publication may only be reproduced, stored or transmitted, in any form or by any means, with the prior permission in writing of the publisher, or, in the case of reprographic reproduction, in accordance with the terms of a licence issued by the Copyright Licensing Agency. In particular, the Society permits the making of a single photocopy of an article from this issue (under Sections 29 and 38 of the Act) for an individual for the purposes of research or private study.

**SUBSCRIPTIONS**

In 2014 *Phil. Trans. R. Soc. A* (ISSN 1364-503X) will be published twice a month. Full details of subscriptions and single issue sales may be obtained either by contacting our journal fulfilment agent, Portland Customer Services, Commerce Way, Colchester CO2 8HP; Tel: +44 (0)1206 796351; fax: +44 (0)1206 799331; email: [sales@portland-services.com](mailto:sales@portland-services.com) or by visiting our website at [royalsocietypublishing.org/info/subscriptions](http://royalsocietypublishing.org/info/subscriptions). The Royal Society is a Registered Charity No. 207043.
